ENSLEY ON TRIAL

For Murderous Assault Upon Charles Collins.

The Plaintiff in the Case Relents and Does Not Appear to Testify Against the Prisoner.

ST. LOUIS, Mo., Nov. 12.—Martin Ensley, of Memphis, was put on trial today before Judge Hirzel, at Clayton, the county seat of St. Louis county, on the charge of assault with intent to kill Charles D. Collins, at Meramac Highlands, one night last June. He is also charged with stealing $6,000 from Collins, and that robbery was the motive for the assalt. Judge Thomas B. Harvey, of St. Louis, appeared for Ensley, and O'Neil Ryan will assist County Attorney Hirdon in prosecuting the case. When the case was called Mr. Collins was not on hand and Judge Hirzel was furious. He issued a bench warrant and subpoenaes for Collins' arrest, and after adjourning court until 2 o'clock sent out all his deputies to find the plaintiff and bring him in.

Charles D. Collins is a Canadian by birth. In the early '80s he was the head clerk at the Kennard house in Cleveland, Ohio. When Millionairo, Holden built the Hollenden in the Forest City Collins was made manager, with a part interest, and there he managed to save some money. With this he bought the Duncan house at Nashville. While in the south Mr. Collins became acquainted with Martin Ensley, son of the well known Col. Enoch Ensley, who was regarded as one of the richest men in that section. Collins finally sold the Nashville hotel and he asked Ensley to accompany him to St. Louis to try his luck at the fair grounds race track. To this end he purchased a couple of horses and was negotiating for others at the time of the assault. Collins and Ensley roomed at the Lindell hotel.

Monday night, June 15, the latter proposed a trip on the electric cars and the two finally reached Meramac Highlands. It was while they were in the grounds surrounding the hotel that the assault was committed. Ensley, so Collins stated at the time, stepped behind him and struck him on the head with a hammer. The Tennesseean denied his guilt and claimed that two men assaulted Collins and that he was also attacked and fled in fear of his life. The affair caused a great sensation here at the time because of the prominence of the two men.

ALASKAN NEWS.

The Canadian Government Reduces Its Custom Officials.

Rich Gold Discoveries Have Been Made on the McClintock River—A New Steamboat Line.

SKAGUAY, Alaska, Nov. 2, per steamer Farallon, Seattle, Wash., Nov. 12.—The Canadian government has recalled a number of custom officials who have been stationed at Tagish House between Lakes Bennett and Tagish and the British Columbia authorities have also reduced the number of provincial police who have been stationed at Lake Bennett and Tagish House since the rush to the Klondike country began last July. Deputy Collector of Customs Fred W. Davey, who has just returned from Tagish, said to The Associated Press correspondent that duties had been collected during the season on 400 outfits. Each outfit represented from four to five men. The duty collected on each outfit averaged $60 and the total amount collected aggregated $25,000. Duties were levied upon everything belonging or in any way appertaining to an outfit, even the clothes that a man wore not being exempt. Several cases of attempts at smuggling were detected, the goods being confiscated in most instances. Travel down the lakes has practically ceased and Mr. Davey says that hundreds of people will be caught in the ice and forced to go into winter quarters where they may happen to be when the ice surrounds them. Rich gold discoveries are reported on the McClintock river and branches of the Hootlinqua, some running as high as $40 a day to the man. There has been quite a rush to the new fields which will be prospected during the winter.

NEW WHATCOM, Wash., Nov. 12.—Arrangements have been completed between Capt. A. R. Talbott, of Sioux City, and F. W. Shirk, of St. Paul, and other eastern capitalists and the citizens of Bellingham Bay to run a steamship line from here to Dawson City next summer. An ocean liner making regular trips will connect with the Yukon river steamers at St. Michaels. The contract calls for two trips to Skaguay, starting on March 1 and on June 1, the first trip will be made to St. Michaels. One river steamer will be built here this winter and the other one at Seattle, each to cost $65,000 and have a capacity of 200 tons. The company has purchased an ocean vessel at New York which will come around Cape Horn in sixty days. It will carry 800 passengers. Captain Talbott will run the river steamers. The company will have its headquarters here.

THEY GET EVEN.

Marriageable Ladies of the Southside Organize.

They Don't Propose to be Snubbed by a Lot of Old Bachelors Who Organized Some Time Ago.

The southside now has its Bachelor's club and its Unmarried Ladies' club. Sometime ago a coterie of gentlemen whom the ladies declare to be selfish in their motives, started this movement and ignored the ladies entirely. There were stag parties galore, but none of the fair sex were invited to participate in the festivities, whether it was an oyster supper or something else. The ladies stood this sort of thing until their indignation could no longer remain pent-up, therefore a meeting was called yesterday afternoon, at which resolutions by the yard were passed and the outcome of the whole affair was the organization of an Unmarried Ladies' club, composed of marriageable ladies. whose main object is to boycott the bachelors in all of the social functions which they will give the coming winter. The members of the new club have taken a pledge that if any of them decide to enter the matrimonial state not a single member of the Bachelors club will be eligible to their affections.

HOLMES' EVIL EYE.

Father McPake's Death Makes Thirteen Victims.

Peculiar Circumstances Attending the Taking Off of Men Who Went Near the Arch Murderer.

PHILADELPHIA, Pa., Nov. 12.—The tragic death of Father Henry J. McPake—a mystery still unsolved—brings to the fateful thirteen the number of those who were connected with the Holmes murder trial, and who, since they fell beneath the gaze of the Holmes evil eye, have suffered sickness, reverses or death.

This last of a strange series of misfortunes makes more weird than ever the superstition that has been given currency that all who were connected with the trial of the multi-murderer will suffer in some way from his terrible piercing eye, an index to his evil character.

Father McPake was the assistant to Father Dailey, the priest who performed the last offices of the church for Holmes just before he was executed. The young priest had also given spiritual advice to the murderer while he was in Moyamensing prison, and it is a remarkable coincidence that he met his death himself near a convent wall within a short distance of foreboding Moyamensing.

If anything further were needed to make the weird-minded place faith in superstition it is in the fact that the day of the young clergyman's violent death a white dove hovered into the schoolroom of Sister Alexis, who is a cousin of Father McPake. It was driven twice from an open window, and each time returned.

The next most tragic death to that of Father McPake of those who came under Holmes' evil eye was the suicide of Superintendent Perkins, the murderer's jailer, at Moyamensing. Dr. Mattern, the coroner's physician who performed the autopsy on the body of the murdered man Pietzel, died after the trial of blood poisoning.

S. S. Biles, the foreman of the Holmes jury, met death from an electric shock while pursuing his occupation as an electrician. Lawyer Shoemaker, the attorney for the murderer, was disbarred for unprofessional conduct in the trial, and Jeptha D. Howe, another of Holmes' lawyers, was at one time accused of complicity in the Pietzel case, and restored his good name only after much trouble.

SENATE POLLED.

Hawaiian Annexation Treaty Will Be Ratified.

President McKinley Has Ascertained That Two Thirds of the Senators Will Vote For It.

WASHINGTON, Nov. 12.—Ratification of the Hawaiian annexation treaty by the United States senate is assured. The administration has made a poll of that body and as a result President McKinley is satisfied that more than two-thirds of the senators will vote for ratification. It is said to be the purpose of Chairman Davis at the first executive session to ask that a day be fixed for taking up the treaty. Ratification during the early part of the year is confidently expected. President McKinley in his message to congress will present the arguments for annexation. He will show that the treaty has already been ratified by the Hawaiian senate and that only the action of the senate of the United States is required to add the islands to our territory.

A JUROR SICK.

A Sudden Halt in the Guldensuppe Murder Trial.

Juror Larsen Undergoes an Operation for Appendicitis—Case May be Delayed Several Weeks.

NEW YORK, Nov. 12.—When the Queens county court of Oyer and Terminer opened at Long Island City today, it was represented to Judge Smith that Magnus Larsen, one of the jurors sitting in the case of Martin Thorn, accused of the murder of William Guldensuppe, had been obliged to submit to a surgical operation for appendicitis and that under the most favorable conditions he would not be able to resume his seat in the jury box in less than three weeks. It therefore became a question as to how the case should be proceeded. Mr. Howe, counsel for Thorn, suggested the retention of the rest of the jurors who sat for the rest of the trial thus far and impanneling a twelfth juror, to whom the proceedings be read from the court reporter's notes. District Attorney Youngs asked for time in which to look up the authorities before deciding to accept or reject the proposition of counsel for the defense, and Judge Smith adjourned further consideration of the case until 1 o'clock p. m.

After an hour's consultation between the district attorney and Mr. Howe, the latter, emerging from an ante-room, said to the waiting reporters: "Gentlemen, I can now tell you positively that there will be an entirely new jury selected. I have just spoken to Mr. Youngs and found that he and his associates are not in favor of adopting the plan which I proposed in court this morning. Mr. Youngs will have a new pannel of 200 talesman made up and the subpoenaes will be served immediately."

District Attorney Youngs a few moments later confirmed the announcement by Mr. Howe. "My reasons for not accepting Mr. Howe's suggestion," he said, "are that the interests of the people will be better served by the empanneling of a new jury and beginning the case anew."

DECLARED OFF

Is the Pullman-Oglesby Engagement.

Young George Proposes to Release Miss Oglesby and She Immediately Accepts the Offer.

CHICAGO, Nov. 12.—Formal announcement is made of the breaking of the engagement of George M. Pullman and Miss Felicite Oglesby. The news of Miss Oglesby's engagement to one of the Pullman twins came as a great surprise to the friends of the young people over two years ago, and the rumors concerning the date of the wedding have been countless since that time. When the sudden death of Mr. Pullman, sr., startled the city a short time ago, Miss Oglesby was at the home of her parents, Ex-Governor and Mrs. Richard J. Oglesby, at Elkhart, Ill. For the last week or two the young lady has been in Chicago, a guest of Mrs. Pullman part of the time. Miss Oglesby has just returned to Elkhart, and simultaneous with her departure comes the announcement that Mr. Pullman had proposed to release her, and that she had accepted the offer. Friends of the Oglesby family are stout in the declarations that the disinheritance of the young men had nothing whatever to do with the rupture of the betrothal vows.

ATTACKED BY A BOAR

Julius Young the Victim of a Fierce Hog.

He is Frightfully Gored by the Vicious Brute But is Finally Rescued—Injuries Not Fatal.

Julius Young, an elderly farmer residing in St. Joe township, was brought to the city this morning to have a number of severe wounds dressed, the injuries having been received by the old gentleman while doing battle with a boar. Mr. Young was attending to the live stock on his farm when the boar, which had been confined in an enclosure, broke the fence and made a dash for him. The farmer could not escape as he did not see the brute coming. After the unfortunate man had been gored about the legs until he was almost helpless a farm hand saw his plight and rushed to his assistance. With a club he beat the boar back to its quarters. Dr. Schrader says that while Mr. Young's injuries are serious they are not dangerous.

OFF THE MAP.

A Plan to Extirpate the Bolivian Republican.

Chili, Peru and Argentina Scheming to Divide Her Territory—Complications Now Exist.

VALPARAISO, Chili, Nov 12.—A plan for a decibund of Chili, Peru and Argentina is in existence which, if adopted by the three governments, will wipe Bolivia off the South American map, Chili, Peru and Argentina dividing her territory. Startling as this statement is there are many who are inclined to give it credence. Without a doubt some international step of importance is under contemplation. Chili and Peru have become entangled with Bolivia and what the result will be no one can tell. The demands of the alarmists for an explanation from the government, it is generally believed are justified. Senor Salinas, Chili's minister to Sucre, Bolivia, has gone to Santiago to confer with the government on the situation. The government flatly denies that he will not return to Sucre. though there are grave fears that he will be murdered if he does return, as the feeling there against Chili is intense. In the clubs and cafes and at social gatherings everywhere in Bolivia one hears Chili talked of as a faithless, disloyal nation. Reasons for all the feeling against Chili are to be found in the rebellion of 1891 and its bearing on the ancient treaty. The revolutionists promised to Bolivia if she would recognize the belligerency of the rebels that if they would give to Bolivia two years after victory the two Peruvian provinces, Tacna and Arica, held temporarily by Chili under the ancient treaty. More than six years have elapsed since the victory of the revolutionists and Chili has not fulfilled her promise, for the reason that by doing so she would trample on the treaty. Bolivia now insists on the fulfillment of this promise which Chili holds is illegal, in the meantime Chili has recalled Senor Liara, the minister of Chili to Peru, who belonged to ther evolutionary party and has sent Senor Vicente Santa Cruz, A. Balmacedist there with instructions to sound Peru on an alliance against Bolivia, against which government Peru has many grievances. The plan is to bring about a war with Bolivia and for Peru's assistance Chili promises to return to Peru the province of Tacna and Arica without putting the question to a popular vote or demanding of Peru the ten million ransom, as provided in the ancient treaty. Chili is also prepared to furnish Peru with all necessary arms and munitions to carry on a war with Bolivia. In this connection the decibund against Bolivia is being considered. Argentina, it is said, will be invited into the alliance to give strength to the movement. The Heraldo says that it is reported all international affairs between Chili and Bolivia and Peru will soon be satisfactorily settled, Chili accepting the commercial and peace treaty drawn by Bolivia and leaving the solution of the Tacna-Arica question until next year.

GOOD WORK GOES ON.

Large Crowds Continue to Attend the Revivals.

Victor W. Dorris Preaches Another Strong Sermon—The Rev Burroughs at Baptist Tabernacle.

The auditorium of the West Jefferson street Church of Christ was well filled and Evangelist Dorris preached a strong sermon on "What Will You Do With Christ?" He said that every man must make a choice between good and evil Pilate desired to release Jesus but did not because of the Jews and his desire to please Caesar. He was not so bad as the man who today rejects Christ and counts the blood of the covenant an unholy thing, when everything of temporal as well as eternal interest argues its importance.

The questions which up to last evening have been placed in the question box were fully answered, and at the close Mr. Dorris stated that he had taken all the time from the meeting in answering questions pertaining to the integrity of the scriptures that he thought advisable. He had fully demonstrated that such questions could all be answered without any difficulty. He further stated that if any who doubted the consistancy and truthfulness of the Bible, desired to procure a hall and appoint a time when it would not conflict with regular meeting times, he would answer all questions pertaining to the integrity of the scriptures before as large an audience as could be accommodated. The question box at the church will still be used, and all questions which are deposited, pertaining to the way of salvation and about which people really desire to know, will be respectfully answered.

Services will be held as usual tonight, and Mr. Dorris will preach upon "God's Power Unto Salvation," and this, the evangelist states, will be one of the most important subjects he will discuss.

AT THE BAPTIST TABERNACLE.

Mr. Burrough's subject last evening was "The Man, Pilate." He first spoke of the decision of Pilate as the judge in the trial of Christ and of his appeal to the people to decide for him, which they couldn't do. Then he referred to the fact that Pilate had a conscience which troubled him, and of his fighting it as it urged him to release Christ. Pilate knew Christ's innocence and that he should not be condemned. He was also influenced by his wife to do the right thing, and in response to her pleadings Pilate tried to compromise matters by the suggestion of scourging instead of death. Finally he washed his hands of the whole affair, and for the sake of policy declared himself unable to prevent the crucifixion. These points in Pilate's character and acts Mr. Burroughs compared to the excuses and procrastinations of the unconverted. Services were held this afternoon and also this evening. On Sunday afternoon at 3 o'clock a meeting will be held for men only.

FIVE YEARS IN ALASKA.

Col. E. A. Gardner Will Recite His Experiences Next Wednesday Night.

Of all subjects presented by lecturers none, perhaps, can attain the same popular favor as that which bears upon Alaska and its gold fields. The history of that country has been slight, indeed, until the present year, and even yet it is not so extensive as a few years more exploration will make it.

The rich gold mines discovered in the last year in the Klondike region have set the country afire with interest, therefore, when a miner assumes to come back to civilization and tell of his thrilling experiences in that vast region it is an opportunity that no one can afford to miss. Col. E. A. Gardner, who is to deliver a lecture on Alaska next Wednesday night at Library hall, is well qualified to lecture on the subject, having roughed it in mining and exploring the country for five years. He will tell his story in a plain, but forcible manner and will illustrate his talk with stereopticon views from photographs, showing up scenery of mountains, rivers, etc., in such natural reproduction as to impress the facts upon the minds of his hearers. The colonel will also show how best to reach the gold fields, when to go, and much other valuable information. The lecture will be given at Library hall.

FORGER ARRESTED.

Sheriff Melching Brings Edwin J. Price From Toledo.

Sheriff Melching returned this morning from Toledo with Edwin J. Price, a young man wanted in this city on charges of forgery. He was arrested by Toledo officers, who notified Sheriff Melching. Price consented to come here without the formality of requisition papers.

Price is a traveling salesman and it is alleged that while here during the month of October he uttered forged paper to considerable amounts, Will McKinnie, of the Wayne hotel, being the victim. Sheriff Melching circulated descriptions of Price and his arrest followed.

Price was married October 28 at the St. George hotel, Chicago, to Miss Clara Greenewald, daughter of Dr. M. Greenewald, of this city. It is stated that accounts of the marriage printed in Fort Wayne papers had part to do with Price's arrest.

Jury Awards Lizzie Roebuck $500 Damages for Injuries—The Other News of the Courts

The jury in the circuit court has decided that William Klett should pay to Lizzie Roebuck $500 for injuries she alleges she received in a runaway caused by the defendant's dog. The jury retired yesterday afternoon and returned a sealed verdict last night. The amount sued for was $5,000. The interrogatories were in the main answered in favor of the general verdict. The attorneys for the defendant will file a motion for a new trial. There are other damage suits pending that grew out of the same accident.

William C. Bishop has commenced suit against Walter G. Burns, the patent attorney, for an accounting and settlement of claim of $1,200. The plaintiff invented a coin-controlled cigar selling device, which the defendant was to have patented and then dispose of. This is alleged not to have been done.

The will of the late T. J. Wilkerson has been filed for probate.

Abraham Weil and Isaac Weil have commenced suit against the Globe Soap company for $200 due on account.

Judge Dawson yesterday overruled the motion for a new trial in the case of Dennis vs. the city of Fort Wayne. City Attorney Shambaugh made the motion, which was opposed by Judge Robert Lowry and Attorney George W. Felts. Mr. Shambaugh gave notice of appeal and was allowed sixty days in which to file a bill.

AUSTRIA-HUNGARY has reached a grave crisis. The threat is made that the parliamentary struggle will be ended by an exercise of royal power that will involve the suspension of the constitution. AN English agriculturist named Garton has succeeded in crossing existing types of cereals and producing brand new ones, never before known to farmers. By this process, it is said, comparatively useless cereals are converted into food plants of great value. As an experiment this is interesting, but it is doubtful if it will have any very important results for many years at least.

PEOPLE who send merchandise through the mails and take desperate chances with the canceling machines will be interested in a decision just made by Assistant Postmaster General Heath. A lady in Worcester, Mass., received from a friend in Sioux City what was intended to be a nice pair of gloves. The canceling clerk in the Sioux City post office let the stamp come down with such force that it fairly ruined the kid. The lady sent the gloves to the department. Mr. Heath directs that the canceling clerk shall pay for the damage done.

MERELY as an instance of how a good man may sometimes be misunderstood and unappreciated we reprint from the Criterion the following observation concerning the Hon. Thomas Collier Platt, United States senator from the state of New York: "Horrible as Tammany has been proved to be and is by ineradicable nature, and hideous as Croker is to contemplate, and cheap as is this little roysterer, Van Wyck, in comparison to one man they all shine like the eternal stars. That man is Thomas C. Platt, absolutely and unqualifiedly today the worst citizen in America. Language has yet to be coined to express the evil thing this man, who calls himself a republican, has unblushingly done. Punishment has not yet been invented that would fit this case. Traitor to the traditions of a great party, traitor to his country, traitor to civilization, if ever a human being deserved to be sent to Molokai, this infinite Iscariot has deserved it."

The Need of the Curfew Law.

The enactment of a curfew ordinance in this city will not mean the mere sentimental revival of ancient English custom, as there are those who believe. It is a police regulation made necessary by present conditions. Boys and girls of tender years should be kept off the streets at night. This can be done only by the enactment of a law that will compel them to be at home after a certain prescribed reasonable hour. It is not only proper to do this thing, but it is essential to do it. A healthy solicitude for the public morals demands it.

No one questions the warrant of laws interdicting the selling of alcoholic liquors, tobacco, cigars, cigarettes and poisons to youth, because the danger that would arise from the privileging of boys and girls to purchase those things is commonly recognized. As grave danger lurks in privileges of another sort. The boy who is allowed to run the streets at night will in a short time perfect himself in the arts of acquired [illegible]ssedness to that degree which fits him and gives him a taste for vice in its graver forms. He meets companions who have been reared in vice and the opportunity to do so whets his appetite for new sorts of mischief that more experienced urchins are apt to propose either by suggestion of example. Evil multiplies itself and soon a boy not bad at heart has become vicious by logical gradations. This would not be if the boy were compelled to remain at home. Then, too, the inherently bad boys would be made better from very want of the privilege to be abroad at the hours when they may safely practice mischief.

Let us have a curfew law in Fort Wayne.

AN INCIDENT AT THE CITY HOSPITAL.

A Woman's Life Barely Saved by a Critical Operation—Her Health Destroyed.

There was a hurry call for the ambulance of the City Hospital. In the course of an hour a very sick young woman was brought in on a stretcher. She was pale as death and evidently suffering keen agony. There was a hasty examination and a consultation. In less than a quarter of an hour the poor creature was on the operating table to undergo the operation called ovariotomy.

There was no time for the usual preparation. Her left ovary was on the point of bursting, when it was removed, it literally disintegrated. If it had burst before removal she would have died almost instantly! That young woman had had warnings enough in the terrible pains, the burning sensation, the swelling low down on her left side. No one advised her, so she suffered tortures and nearly lost her life. I wish I had met her months before, so I could have told her of the virtues of Lydia E. Pinkham's Vegetable Compound. As it is now, she is a wreck of a woman.

Oh, my sisters, if you will not tell a doctor your troubles, do tell them to a woman who stands ever ready to relieve you! Write to Mrs. Pinkham at Lynn, Mass., confide freely to her all your troubles, and she will advise you free of charge; and if you have any of the above symptoms take the advice of Miss Agnes Tracy, who speaks from experience and says:

"For three years I had suffered with inflammation of the left ovary, which caused dreadful pains. I was so badly affected that I had to sleep with pillows under my side, and then the pain was so great it was impossible to rest.

"Every month I was in bed for two or three days. I took seven bottles of Lydia E. Pinkham's Vegetable Compound and am entirely cured. I think there is no medicine to be compared with the Compound for female diseases. Every woman who suffers from any form of female weakness should try it at once." MISS AGNES TRACY, Box 432, Valley City, N. D.

FOREIGN MISSIONS

Discussed at a Meeting of the Missionary Union.

Address by the Rev. A. N. Hitchcock, of Chicago—Afternoon and Evening Sessions.

The Missionary Union of Fort Wayne held its fourth semi annual meeting yesterday afternoon and evening at Plymouth Congregational church, the president, Mrs. L. L. Henson, presiding. The attendance was not up to expectations, owing, perhaps, to the inclement weather. In the afternoon devotional exercises were led by Mrs. M. J. Collins, and in the evening by Rev. J. S. Ainslie. The general subject for the meetings was "Foreign Missions." The bright side of "Signs of the Times" was presented by Mrs. L. R. Hartman, and the discouragements of the same was shown by Mrs. W. J. Mitten. Mrs. T. M. Biddle spoke on the promotion of work in foreign countries and advocated a plan of trying to establish a direct communication with the missionary workers and their fields of labor. Mrs. D. B. Wells talked on the subject of "Cultivation of Missionary Spirit in Our Home Churches," and named prayer, gifts and interests as three principal things for the promotion of a missionary spirit. The Rev. Davies followed Mrs. Wells much in the same line of thought.

At the evening session the Rev. A. N. Hitchcock, D. D., of Chicago, delivered an able talk on "The Present Outlook for World Evangelization." The Rev. Hitchcock is secretary of the board of foreign missions of the Congregational churches and was able to present a fund of practical information of value in the advancement of the cause.

As grates have to be replaced once a year the board may decide to buy the brick.

A communication was received from Daniel Falls, asking the board to reimburse him in the sum of $54 for a street intersection which he built at the corner of Wayne and Fulton streets.

KNOCK OUT ILLITERATES.

Kentucky to Change Ballot, Which Will Injure the Republican Party.

FRANKFORT, Ky., Nov. 12.—Flushed by the recent sweeping democratic victory in this state, the democratic leaders are already devising plans to keep the state in the democratic column.

It is announced that some important amendments to the election laws will be offered in the coming legislature. One of these will make a change in the ballot, doing away with the party emblem, or device, and requiring the voter to write the name of his candidate. This, it is estimated, would disfranchise from 40,000 to 60,000 illiterate voters in the republican party and would work no great loss to the democrats. The bill, it is said, will be pushed with the indorsement of the democratic organization in the state, and as both houses have an overwhelming democratic majority, the leaders believe that it could be passed even over the governor's veto.

Anthony Hope's New Romance

Will appear in McClure's Magazine for December. The story opens in splendidly romantic fashion. Although it is a sequel to "The Prisoner of Zenda," the reader, who may not have read that novel, can understand and enjoy it from the beginning. It narrates the further story of the love and adventures of Rudolf Rassendyl and the Princess Flavia.

The story is named from the villain (who was also the villain of the first Zenda novel), "Rupert Hentzau." This time the story is not told by the hero but by Rassendyl's faithful friend, the brave Fritz von Tarlenheim.

The story is being magnificently illustrated by C. D. Gibson.

BUTTERINE MAKERS.

The Illinois Law Driving Them Over the Border Into Indiana.

HAMMOND, Ind., Nov. 12.—Messrs. Braun & Fitts, the Chicago butterine manufacturers, yesterday officially notified Mayor Mott that their mammoth plant would be moved to this city as soon as satisfactory arrangements could be made. The firm will give employment to 500 men and women. Mayor Mott said last night that he was in communication with a number of other butterine makers in Illinois, who, by the provisions of a recently enacted law, will be obliged to cease manufacturing in that state, and it is believed they can be induced to come to Hammond.

ANOTHER LEASE.

Murderer Durrant Snatched From the Gallows.

Supreme Court of California Has Granted a Writ of Probable Cause Which Delays the Execution.

SACRAMENTO, Cal., Nov. 12.—Theodore Durrant, the convicted murderer of Blanche Lamont, may have another chance for his life. At any rate, he will not be hanged today, the time set for his execution.

SAN QUENTIN, Cal., Nov. 12.—Attorney Eugene Deuprey, counsel for Durrant, has arrived here from Sacramento early this morning, having crossed the bay in a steam launch. The purpose of this trip was to make personal service on Warden Hale of a certified copy of the order of probable cause issued by the supreme court at Sacramento delaying the execution. The precaution of this personal service was that there might be no pretext for executing Durrant today. The warden was asleep and deaf to all efforts to arouse him. Captain Edgar, assistant warden, accepted service and agreed to deliver the documents to his superior when he awoke. Warden Hale had stated earlier that he was in doubt as to what course to pursue. He said that in any event he would have delayed the execution until the last legal limit of time, noon today, but that he had been advised that he should proceed to hang the prisoner, as he had received no personal service of the stay of execution. However, he finally decided to act on the following dispatch received from Prison Director Devlin, of Sacramento: "Supreme court made an order and has stayed all proceedings until further order of court. Accordingly you will postpone execution." After reading this Warden Hale said he would retire and that there would be no hanging today.

Attorney Duprey applied for the writ of probable cause upon the grounds that no official knowledge of the action of the supreme court of the United States in the matter of Durrant's appealing from the decision of the federal court had yet been received; that the superior court had acted too hastily in sentencing Durrant to be hanged today, as the law required that he be given at least sixty days' grace, and that the pendency of an appeal in the supreme court affecting the condemned was of itself sufficient cause for a stay of execution. The matter was partly argued in chambers and later argued before the full court and taken under advisement. Shortly afterward the court announced its decision.

Thus another chapter is added to the most remarkable fight for life, based purely and simply on legal technicalities, known to the annals of crime.

A Safe and Sure Investment

Conservative Men and Women should READ EVERY WORD of the following:

Every one is at present endeavoring [illegible] share of the gold finds in the Yukon District. Many schemes are submitted [illegible] Transport and Trading Co. [illegible] Dawson City [illegible] In the great rush next year the chances of getting there [illegible] Spring all of the discoveries will have been staked. You, or your agent, [illegible] will have to seek new discoveries. This takes time and money. [illegible]

There is one certain way of sharing in these gold fields without any risk [illegible] any hardship or loss: Invest in the stock of a good Company already doing business in the Yukon Districts, such as the

JOSEPH LADUE GOLD MINING AND DEVELOPEMENT CO. OF YUKON.

THIS COMPANY NOW OWNS, in fee simple, a large placer claim, 1,000 ft. long (claims are now being restricted to 500 ft.) yielding $12 per cubic foot; a quartz claim, 600x1000 ft., averaging $300 per ton in free gold; 15 miles of timber on both sides of Yukon, with a saw-mill, earning at present 1,350 per day, and 80 carefully selected business lots in Dawson City. In addition, its charter covers every line of profitable business in Yukon, and exempts it from paying royalty to the extent imposed by the Canadian Government on other companies. Owing to a change in the law, no other company can secure such a charter.

When a Company well organized, with a strong directorate, and assets [illegible] of it's total capitalization, seeks to sell such stock and taking people often refuse to invest, saying that if the properties of the Company are so good they should not seek to sell stock. This is a very weak objection. Successful men never place all of their money in one enterprise. [illegible] men have dozens of projects on foot. A new enterprize is offered, they investigate it and if satisfied, put in as much money as they can spare and consent to go on the board. The money thus subscribed will not float a large enterprise. The public is then asked to subscribe the remaining capital needed.

Other mining companies ask the public to subscribe to stock in companies that hope to acquire valuable property next year. No other company offers such an opportunity for reliable investment as the Joseph Ladue Gold Mining and Developement Co. of Yukon.

The President, Joseph Ladue, has been fifteen years in those regions; knows the country thoroughly, and has as Directors for his Company the following well-known gentlemen: Hon. Chauncey M. Depew, President N. Y. C. & H. R. R. R.; Hon. Thomas L. James, President Lincoln National Bank, New York, and ex-Postmaster General of the United States; H. Walter Webb; Hon. Smith M. Weed, and Hon. C. H. Mackintosh, Governor of the Canadian North Western Territories; all representatives of the conservative business men of this age. Their names are a guarantee of success.

The Stock Subscription Lists are now open at the Chicago offices of the Company, 1106 Chamber of Commerce Building.

The Pennsylvania Reduces Its Limited Train's Fare.

The Wabash Will Not Abandon the Toledo End of its Main Line—A Speed War Imminent.

Beginning today, the extra fare required to ride on the Pennsylvania's limited trains, Nos. 2 and 5 will be reduced one half. To make the trip to New York upon this magnificent train, the passenger will hereafter only pay $1 75 more than would be required to take him there upon No. 8, or any other first-class train, while the extra charge for a ticket to Chicago upon the limited is only forty cents. This reduction will result in an increased travel on the limited trains

WILL RETAIN THE PROPERTY

Judge Doyle, of Toledo, one of the counsel for the Compton interests in the litigation over the lien against the Wabash road, says that the railway company will not allow the road to be sold. Continuing he said: "I only wish they would do so, but I feel positive that they will not. It must be taken into consideration that the Compton lien also includes the shops and terminals of the Wabash in Toledo, and it is not reasonable to suppose that the railroad corporation will surrender its big car building plant and the extensive yards adjoining, together with valuable dock privileges, such as it might not be able to obtain again."

WILL SHORTEN THE RUNNING TIME OF TRAINS.

According to a Pittsburg paper, there is to be a speed war between the railways having lines running westward out of the Pittsburg. The trouble seems to have its origin in the Panhandle differential and it is said the Erie will open the contest by putting on a new fast train from Youngstown to Chicago and Cincinnati, which, in connection with the Pittsburg and Lake Erie, will be as fast as the Panhandle trains and faster than the Fort Wayne morning to Chicago, which is known as No. 9. The new Erie train will be known as No. 1, and it will leave Youngstown about 8 a. m., and arrive at Cincinnati at 6 p. m., or almost half an hour sooner than Panhandle No. 7, and the Baltimore and Ohio flyers, which are the only Cincinnati trains out of Pittsburg in the morning. The distance from Youngstown to Cincinnati via the Erie is 301 miles, which, added to the Lake Erie mileage, makes the distance via the new line from Pittsburg to Cincinnati 369 miles, as against 312 miles of the Panhandle. The Panhandle can, of course, run away from the Erie if the company decides to do so, but would have to cut their big thirteen-car train No. 7 into two sections in order to make faster time. On the Chicago run, if the Erie and Pittsburg and Lake Erie are to be granted the privilege to compete for Chicago business, the Erie and Pittsburg and Lake Erie arrangement would cause some consternation, as it would be a new line only 464 miles in length, or only one mile longer than the Lake Shore and twenty-six miles longer than the Fort Wayne. The Erie could then apply for a differential on Chicago business out of Pittsburg and run solid trains. The Baltimore and Ohio people have also decided to shorten up the time on Cincinnati business, and are placing their Wheeling and Pittsburg division in first-class shape and adding better equipment. The Baltimore and Ohio is 328 9-10 miles, or about sixteen miles longer than the Panhandle, and there is only a slight difference in the running time of the trains.

ENGINEERS BUY A FARM.

P. M. Arthur, chief of the Brotherhood of Locomotive Engineers, acting in his official capacity, has purchased Meadow Lawn farm, near Mattoon, Ill., for the order at public sale in that city yesterday. This is probably the final chapter in an interesting litigation covering a period of fourteen years.

In 1883 a "grand gift concert" was planned for the benefit of the widows and orphans of the brotherhood. It was nothing more nor less than a gigantic raffle, in which tracts of land were the prizes. Meadow Lawn farm, consisting of 256 acres of the best black soil of Illinois, was the capital prize. The drawing was managed by John H Guilfoil, and the capital prize was purchased by M. C. Nixon, of Mattoon.

Before the sale of tickets was completed the Coles county grand jury indicted Guilfoil and Nixon, but both left for parts unknown. The drawing was pulled off surreptiously in Terre Haute. At the final moment twenty-five tickets remained unsold, and they were put in the wheel for the benefit of the order. One of these twenty-five tickets drew the capital prize.

Many complications followed, and at length Guilfoil was made trustee for the widows and orphans of the brotherhood. In 1889 the brotherhood wanted to take possession, but he claimed title. This started litigation that was twice carried to the supreme court, and ended with Guilfoil being ousted and the land ordered sold under the hammer.

Chief Arthur paid $17,150 for the farm, and it is understood that a home for dependent widows and orphans of the brotherhood will be erected on the place.

ENSLEY ON TRIAL

For Murderous Assault Upon Charles Collins.

The Plaintiff in the Case Refuses and Does Not Appear to Testify Against the Prisoner.

St. Louis, Mo., Nov. 12.—Marius Ensley, of Memphis, was put on trial today before Judge Hirzel, at Clayton, the county seat of St. Louis county, on the charge of assault with intent to kill Charles D. Collins, at Meramec Highlands, one night last June. He is also charged with stealing $6,000 from Collins, and that robbery was the motive for the assault. Judge Thomas B. Harvey, of St. Louis, appeared for Ensley, and O'Neil Ryan will assist County Attorney Hirzel in prosecuting the case. When the case was called Mr. Collins was not on hand and Judge Hirzel was furious. He issued a bench warrant and subpoenas for Collins' arrest, and after adjourning court until 2 o'clock sent out all his deputies to find the plaintiff and bring him in.

Charles D. Collins is a Canadian by birth. In the early '80s he was the head clerk at the Kennard house in Cleveland, Ohio. When Millionaire Holden built the Hollenden in the Forest City Collins was made manager, with a part interest, and there he managed to save some money. With this he bought the Duncan house at Nashville. While in the south Mr. Collins became acquainted with Martin Ensley, son of the well known Col. Enoch Ensley, who was regarded as one of the richest men in that section. Collins finally sold the Nashville hotel and he asked Ensley to accompany him to St. Louis to try his luck at the fair grounds race track. To that end he purchased a couple of horses and was negotiating for others at the time of the assault. Collins and Ensley roomed at the Lindell hotel.

Monday night, June 15, the latter proposed a trip on the electric cars and the two finally reached Meramec Highlands. It was while they were in the grounds surrounding the hotel that the assault was committed. Ensley, so Collins stated at the time, stepped behind him and struck him on the head with a hammer. The Tennessean denied his guilt and claimed that two men assaulted Collins and that he was also attacked and fled in fear of his life. The affair caused a great sensation here at the time because of the prominence of the two men.

ALASKAN NEWS.

The Canadian Government Reduces Its Custom Officials.

Rich Gold Discoveries Have Been Made on the Hootalinqua River—A New Steamboat Line.

Skaguay, Alaska, Nov. 5, per steamer Farallon, Seattle, Wash., Nov. 12.—The Canadian government has recalled a number of custom officials who have been stationed at Tagish House between Lakes Bennett and Tagish and the British Columbia authorities have also reduced the number of provincial police who have been stationed at Lake Bennett and Tagish House since the rush to the Klondike country began last July. Deputy Collector of Customs Fred W. Davey, who has just returned from Tagish, said to The Associated Press correspondent that duties had been collected during the season on 400 outfits. Each outfit represented from four to five men. The duty collected on each outfit averaged $60 and the total amount collected aggregated $25,000. Duties were levied upon everything belonging or in any way appertaining to an outfit, even the clothes that a man wore not being exempt. Several cases of attempts at smuggling were detected, the goods being confiscated in most instances. Travel down the lakes has practically ceased and Mr. Davey says that hundreds of people will be caught in the ice and forced to go into winter quarters where they may happen to be when the ice surrounds them. Rich gold discoveries are reported on the McClintock river and branches of the Hootlinqua, some running as high as $40 a day to the man. There has been quite a rush to the new fields which will be prospected during the winter.

New Whatcom, Wash., Nov. 12.—Arrangements have been completed between Capt. A. R. Talbott, of Sioux City, and F. W. Shirk, of St. Paul, and other eastern capitalists and the citizens of Bellingham Bay to run a steamship line from here to Dawson City next summer. An ocean liner making regular trips will connect with the Yukon river steamers at St. Michaels. The contract calls for two trips to Skaguay, starting on March 1 and on June 1, the first trip will be made to St. Michaels. One river steamer will be built here this winter and the other one at Seattle, each to cost $45,000 and have a capacity of 200 tons. The company has purchased an ocean vessel at New York which will come around Cape Horn in sixty days. It will carry 800 passengers. Captain Talbott will run the river steamers. The company will have its headquarters here.

Fostoria Experiences Her Most Serious Conflagration.

Best Block in the City Laid in Ruins, Entailing a Loss of Over $50,000 to Owner and Occupants.

Fostoria, Ohio, Nov. 12.—An explosion of a quantity of gasoline in the basement of the Alcott building caused one of the most disastrous fires in the history of Fostoria. In a very few minutes the entire building was in flames and was entirely demolished. It was one of the finest business blocks in the city. The ground floor was occupied by the Mahurry shoe store, Vogel Bros. tailoring store, Western Union Telegraph company, American Express company and Allcott Hardware company. The upper floors were occupied by the Pioneer club, the Odd Fellows and physicians' offices. The loss will reach $50,000.

Marriageable Ladies of the Southside Organize.

They Don't Propose to be Snubbed by a Lot of Old Bachelors Who Organized Some Time Ago.

The southside now has its Bachelor's club and its Unmarried Ladies' club. Sometime ago a coterie of gentlemen whom the ladies declare to be selfish in their motives, started this movement and ignored the ladies entirely. There were sing parties galore, but none of the fair sex were invited to participate in the festivities, whether it was an oyster supper or something else. The ladies stood this sort of thing until their indignation could no longer remain pent up, therefore a meeting was called yesterday afternoon, at which resolutions by the yard were passed and the outcome of the whole affair was the organization of an Unmarried Ladies' club, composed of marriageable ladies whose main object is to boycott the bachelors in all of the social functions which they will give the coming winter. The members of the new club have taken a pledge that if any of them decide to enter the matrimonial state not a single member of the Bachelors club will be eligible to their affections.

HOLMES' EVIL EYE.

Father McPake's Death Makes Thirteen Victims.

Peculiar Circumstances Attending the Taking Off of Men Who Went Near the Arch Murderer.

Philadelphia, Pa., Nov. 12.—The tragic death of Father Henry J. McPake—a mystery still unsolved—brings to the fateful thirteen the number of those who were connected with the Holmes murder trial, and who, since they fell beneath the gaze of the Holmes evil eye, have suffered sickness, reverses or death.

This last of a strange series of misfortunes makes more weird than ever the superstition that has been given currency that all who were connected with the trial of the multi-murderer will suffer in some way from his terrible piercing eye, an index to his evil character.

Father McPake was the assistant to Father Dailey, the priest who performed the last offices of the church for Holmes just before he was executed. The young priest had also given spiritual advice to the murderer while he was in Moyamensing prison, and it is a remarkable coincidence that he met his death himself near a convent wall within a short distance of foreboding Moyamensing.

If anything further were needed to make the weird-minded place faith in superstition it is in the fact that the day of the young clergyman's violent death a white dove hovered into the schoolroom of Sister Alexis, who is a cousin of Father McPake. It was driven twice from an open window, and each time returned.

The next most tragic death to that of Father McPake of those who came under Holmes' evil eye was the suicide of Superintendent Perkins, the murderer's jailer, at Moyamensing. Dr. Mattern, the coroner's physician who performed the autopsy on the body of the murdered man Pietzel, died after the trial of blood poisoning.

S. S. Biles, the foreman of the Holmes jury, met death from an electric shock while pursuing his occupation as an electrician. Lawyer Shoemaker, the attorney for the murderer, was disbarred for unprofessional conduct in the trial, and Jeptha D. Howe, another of Holmes' lawyers, was at one time accused of complicity in the Pietzel case, and restored his good name only after much trouble.

SENATE POLLED.

Hawaiian Annexation Treaty Will Be Ratified.

President McKinley Has Ascertained That Two Thirds of the Senators Will Vote For It.

Washington, Nov. 12.—Ratification of the Hawaiian annexation treaty by the United States senate is assured. The administration has made a poll of that body and as a result President McKinley is satisfied that more than two-thirds of the senators will vote for ratification. It is said to be the purpose of Chairman Davis at the first executive session to ask that a day be fixed for taking up the treaty. Ratification during the early part of the year is confidently expected. President McKinley in his message to congress will present the arguments for annexation. He will show that the treaty has already been ratified by the Hawaiian senate and that only the action of the senate of the United States is required to add the islands to our territory.

A JUROR SICK.

A Sudden Halt in the Guldensuppe Murder Trial.

Juror Larsen Undergoes an Operation for Appendicitis—Case May be Delayed Several Weeks.

New York, Nov. 12.—When the Queens county court of Oyer and Terminer opened at Long Island City today it was represented to Judge Smith that Magnus Larsen, one of the jurors sitting in the case of Martin Thorn, accused of the murder of William Guldensuppe, had been obliged to submit to a surgical operation for appendicitis and that under the most favorable conditions he would not be able to resume his seat in the jury box in less than three weeks. It therefore became a question as to how the case should be proceeded. Mr. Howe, counsel for Thorn, suggested the retention of the rest of the jurors who sat for the rest of the trial thus far and impanneling a twelfth juror, to whom the proceedings be read from the court reporter's notes. District Attorney Youngs asked for time in which to look up the authorities before deciding to accept or reject the proposition of counsel for the defense, and Judge Smith adjourned further consideration of the case until 1 o'clock p. m.

After an hour's consultation between the district attorney and Mr Howe, the latter, emerging from an ante-room, said to the waiting reporters: "Gentlemen, I can now tell you positively that there will be an entirely new jury selected. I have just spoken to Mr. Youngs and found that he and his associates are not in favor of adopting the plan which I proposed in court this morning. Mr. Youngs will have a new panel of 200 talesmen made up and the subpoenas will be served immediately."

District Attorney Youngs a few moments later confirmed the announcement by Mr. Howe. "My reasons for not accepting Mr. Howe's suggestion," he said, "are that the interests of the people will be better served by the empanneling of a new jury and beginning the case anew."

DECLARED OFF

Is the Pullman-Oglesby Engagement.

Young George Proposes to Release Miss Oglesby and She Immediately Accepts the Offer.

Chicago, Nov. 12.—Formal announcement is made of the breaking of the engagement of George M. Pullman and Miss Felicite Oglesby. The news of Miss Oglesby's engagement to one of the Pullman twins came as a great surprise to the friends of the young people over two years ago, and the rumors concerning the date of the wedding have been countless since that time. When the sudden death of Mr. Pullman, sr., startled the city a short time ago, Miss Oglesby was at the home of her parents, Ex-Governor and Mrs. Richard J. Oglesby, at Elkhart, Ill. For the last week or two the young lady has been in Chicago, a guest of Mrs. Pullman part of the time. Miss Oglesby has just returned to Elkhart, and simultaneous with her departure comes the announcement that Mr. Pullman had proposed to release her, and that she had accepted the offer. Friends of the Oglesby family are stout in the declarations that the disinheritance of the young man had nothing whatever to do with the rupture of the betrothal vows.

ATTACKED BY A BOAR

Julius Young the Victim of a Fierce Hog.

He is Frightfully Gored by the Vicious Brute But is Finally Rescued—Injuries Not Fatal.

Julius Young, an elderly farmer residing in St. Joe township, was brought to the city this morning to have a number of severe wounds dressed, the injuries having been received by the old gentleman while doing battle with a boar. Mr. Young was attending to the live stock on his farm when the boar, which had been confined in an enclosure, broke the fence and made a dash for him. The farmer could not escape as he did not see the brute coming. After the unfortunate man had been gored about the legs until he was almost helpless a farm hand saw his plight and rushed to his assistance. With a club he beat the boar back to its quarters. Dr. Schrader says that while Mr. Young's injuries are serious they are not dangerous.

OFF THE MAP.

A Plan to Extirpate the Bolivian Republican.

Chili, Peru and Argentina Scheming to Divide Her Territory Complications Now Exist.

Valparaiso, Chili, Nov. 12.—A plan for a dividend of Chili, Peru and Argentina is in existence which, if adopted by the three governments, will wipe Bolivia off the South American map, Chili, Peru and Argentina dividing her territory. Startling as this statement is there are many who are inclined to give it credence. Without a doubt some international step of importance is under contemplation. Chili and Peru have become entangled with Bolivia and what the result will be no one can tell. The demands of the alarmists for an explanation from the government, it is generally believed are justified. Senor Salinas, Chili's minister to Sucre, Bolivia, has gone to Santiago to confer with the government on the situation. The government flatly denies that he will not return to Sucre, though there are grave fears that he will be murdered if he does return, as the feeling there against Chili is intense. In the clubs and cafes and at social gatherings everywhere in Bolivia one hears Chili talked of as a faithless, disloyal nation. Reasons for all the feeling against Chili are to be found in the rebellion of 1891 and its bearing on the ancient treaty. The revolutionists promised to Bolivia if she would recognize the belligerency of the rebels that if they would give to Bolivia two years after victory the two Peruvian provinces, Tacna and Arica, held temporarily by Chili under the ancient treaty. More than six years have elapsed since the victory of the revolutionists and Chili has not fulfilled her promise, for the reason that by doing so she would trample on the treaty. Bolivia now insists on the fulfillment of this promise which Chili holds is illegal. In the meantime Chili has recalled Senor Liara, the minister of Chili to Peru, who belonged to the revolutionary party and has sent Senor Vicente Santa Cruz, A. Balmacedist there with instructions to sound Peru on an alliance against Bolivia, against which government Peru has many grievances. The plan is to bring about a war with Bolivia and for Peru's assistance Chili promises to return to Peru the province of Tacna and Arica without putting the question to a popular vote or demanding of Peru the ten million ransom, as provided in the ancient treaty. Chili is also prepared to furnish Peru with all necessary arms and munitions to carry on a war with Bolivia. In this connection the declared against Bolivia is being considered. Argentina, it is said, will be invited into the alliance to give strength to the movement. The Herald says that it is reported all international affairs between Chili and Bolivia and Peru will soon be satisfactorily settled, Chili accepting the commercial and peace treaty drawn by Bolivia and leaving the solution of the Tacna Arica question until next year.

HE DIED A PAUPER.

W. O. Wheeler, Once Wealthy, Ends His Days in the Poor House.

Valparaiso, Ind., Nov. 12.—The death of W. O. Wheeler removes a unique character and one of the pioneers of Porter county. Mr. Wheeler came here from Ohio when this locality was a wilderness and inhabited by Indians. After a residence of several years here he went to Missouri, but in a few years returned. He became a farmer and amassed much wealth. Fortune turned, however, and from unfortunate speculations and investments he lost his wealth, and in June last year was compelled to go to the poor house. He was eccentric and never married. He was found dead in his room. He was eighty-three years old.

GOOD WORK GOES ON.

Large Crowds Continue to Attend the Revivals.

Victor W. Dorris Preaches Another Strong Sermon—The Rev. Burroughs at Baptist Tabernacle.

The auditorium of the West Jefferson street Church of Christ was well filled and Evangelist Dorris preached a strong sermon on "What Will You Do With Christ?" He said that every man must make a choice between good and evil. Pilate desired to release Jesus but did not because of the Jews and his desire to please Caesar. He was not so bad as the man who today rejects Christ and counts the blood of the covenant an unholy thing, when everything of temporal as well as eternal interest argues its importance.

The questions which up to last evening have been placed in the question box were fully answered, and at the close Mr. Dorris stated that he had taken all the time from the meeting in answering questions pertaining to the integrity of the scriptures that he thought advisable. He had fully demonstrated that such questions could all be answered without any difficulty. He further stated that if any who doubted the consistancy and truthfulness of the Bible, desired to procure a hall and appoint a time when it would not conflict with regular meeting times he would answer all questions pertaining to the integrity of the scriptures before as large an audience as could be accommodated. The question box at the church will still be used, and all questions which are deposited, pertaining to the way of salvation and about which people really desire to know, will be respectfully answered.

Services will be held as usual tonight, and Mr Dorris will preach upon "God's Power Unto Salvation," and this, the evangelist states, will be one of the most important subjects he will discuss.

AT THE BAPTIST TABERNACLE.

Mr. Burrough's subject last evening was "The Man, Pilate." He first spoke of the decision of Pilate as the judge in the trial of Christ and of his appeal to the people to decide for him, which they couldn't do. Then he referred to the fact that Pilate had a conscience which troubled him, and of his fighting it as it urged him to release Christ. Pilate knew Christ's innocence and that he should not be condemned. He was also influenced by his wife to do the right thing, and in response to her pleadings Pilate tried to compromise matters by the suggestion of scourging instead of death. Finally he washed his hands of the whole affair, and for the sake of policy declared himself unable to prevent the crucifixion. These points in Pilate's character and acts Mr. Burroughs compared to the excuses and procrastinations of the unconverted. Services were held this afternoon and also this evening. On Sunday afternoon at 3 o'clock a meeting will be held for men only.

FIVE YEARS IN ALASKA.

Col. E. A. Gardner Will Recite His Experiences Next Wednesday Night.

Of all subjects presented by lecturers none, perhaps, can attain the same popular favor as that which bears upon Alaska and its gold fields. The history of that country has been slight, indeed, until the present year, and even yet it is not so extensive as a few years more exploration will make it.

The rich gold mines discovered in the last year in the Klondike region have set the country afire with interest, therefore when a miner assumes to come back to civilization and tell of his thrilling experiences in that vast region it is an opportunity that no one can afford to miss. Col. E. A. Gardner, who is to deliver a lecture on Alaska next Wednesday night at Library hall, is well qualified to lecture on the subject, having roughed it in mining and exploring the country for five years. He will tell his story in a plain, but forcible manner and will illustrate his talk with stereopticon views from photographs, showing up scenery of mountains, rivers, etc., in such natural reproduction as to impress the facts upon the minds of his hearers. The colonel will also show how best to reach the gold fields, when to go, and much other valuable information. The lecture will be given at Library hall.

FORGER ARRESTED.

Sheriff Melching Brings Edwin J. Price From Toledo.

Sheriff Melching returned this morning from Toledo with Edwin J. Price, a young man wanted in this city on charges of forgery. He was arrested by Toledo officers, who notified Sheriff Melching. Price consented to come here without the formality of requisition papers.

Price is a traveling salesman and it is alleged that while here during the month of October he uttered forged paper in considerable amounts, Will McKinnie, of the Wayne hotel, being the victim. Sheriff Melching circulated descriptions of Price and his arrest followed.

Price was married October 28 at the St. George hotel, Chicago, to Miss Clara Greenewald, daughter of Dr. M. Greenewald, of this city. It is stated that accounts of the marriage printed in Fort Wayne papers had part to do with Price's arrest.

Austria Hungary has reached a grave crisis. The threat is made that the parliamentary struggle will be ended by an exercise of royal power that will involve the suspension of the constitution. It is getting pretty well along toward the twentieth century to cut a legislative knot with a monarchical sword, but the scene is near the Cossack side of Europe.

[illegible] Wilson, of Baltimore recently decided a suit to recover pay for attendance on patients by two faith cure doctors, that they were not entitled to pay for their services [illegible].

[illegible] press is proceeding on a practical basis in Missouri. A [illegible] politician of Springfield [illegible] the editor of an opposition newspaper down in a hand fight of steps for printing an [illegible] portion of the politician.

An English agriculturist named Garton has succeeded in crossing existing types of cereals and producing brand new ones never before known to farmers. By this process, it is said, comparatively useless cereals are converted into food plants of great value. As an experiment this is interesting, but it is doubtful if it will have any very important results for many years at least.

People who send merchandise through the mails and take desperate chances with the carelessness of clerks will be interested in a decision just made by Assistant Postmaster General Heath. A lady in Worcester, Mass., received from a friend in Sioux City what was intended to be a nice pair of gloves. The canceling clerk in the Sioux City post office hit the stamp some down with such force that it fairly ruined the kid. The lady sent the gloves to the department. Mr. Heath directs that the canceling clerk shall pay for the damage done.

Munsey as an instance of how a good man may sometimes be misunderstood and unappreciated we reprint from the Cosmos the following observation concerning the Hon. Thomas Collier Platt, United States senator from the state of New York: "Horrible as Tammany has been proved to be and as by incredible nature, and hideous as Croker is to contemplate, and cheap as is this little roysterer, Van Wyck, in comparison to one man they all shine like the eternal stars. That man is Thomas C. Platt, absolutely and unqualifiedly today the worst citizen in America. Language has yet to be coined to express the evil thing this man, who calls himself a republican, has unblushingly done. Punishment has not yet been invented that would fit this case. Traitor to the traditions of a great party, traitor to his country, traitor to civilization, if ever a human being deserved to be sent to Molokai, this infinite [illegible] has deserved it."

The Need of the Curfew Law.

The enactment of a curfew ordinance in this city will not mean the mere sentimental revival of ancient English custom as there are those who believe. It is a police regulation made necessary by present conditions. Boys and girls of tender years should be kept off the streets at night. This can be done only by the enactment of a law that will compel them to be at home after a certain prescribed reasonable hour. It is not only proper to do this thing, but it is essential to do it. A healthy [illegible] for the public morals demands it.

No one questions the warrant of laws forbidding the selling of alcoholic liquors, tobacco, cigars, [illegible] to youth, because the danger that would arise from the privileging of boys and girls to purchase these things is commonly recognized. A greater danger lurks in privileges of another sort. The boy who is allowed to roam the streets at night will in a short time perfect himself in the arts of acquired recklessness to that degree which fits him and [illegible] a taste for [illegible]. He meets companions who have been reared in vice and the opportunity [illegible] his appetite for new sorts of mischief that more experienced [illegible] are apt to propose, either by suggestion of example. Evil multiplies itself and soon a boy, not bad at heart, has become vicious by logical gradations. This would not be if the boy were compelled to remain at home. Then, too, the inherently bad boys would be made better from very want of the privilege to be abroad at the hours when they may safely practice mischief.

Let us have a curfew law in Fort Wayne.

AN INCIDENT AT THE CITY HOSPITAL.

A Woman's Life Barely Saved by a Critical Operation. Her Health Destroyed.

There was a hurry call for the ambulance of the City hospital. In the course of an hour a very sick young woman was brought in on a stretcher. She was pale as death and [illegible] suffering keen agony. There was a hasty examination and a consultation. In less than a [illegible] the poor creature was on the operating table to undergo the operation called [illegible].

There was no time for the usual preparation. Too long was the point [illegible] when it was [illegible] congratulated. If it had been left to [illegible] she would have died almost [illegible] instantly! That young woman had had warning enough in the keen pains, the burning sensation, the swelling low down on her left side. No one advised her, so she suffered tortures and nearly lost her life. I wish I had met her months before, so I could have told her of the virtues of Lydia E. Pinkham's Vegetable Compound. As it is now, she is a wreck of a woman.

Oh, my sisters, if you will not tell a doctor your troubles, do tell them to a woman who stands ever ready to relieve you! Write to Mrs. Pinkham at Lynn, Mass.; confide freely to her all your troubles, and she will advise you free of charge, and if you have any of the above symptoms take the advice of Miss Agnes Tracy, who speaks from experience and says:

"For three years I had suffered with inflammation of the left ovary, which caused me awful pains. I was so badly affected that I had to sleep with pillows under my side, and then the pain was so great it was impossible to rest.

"Every month I was in bed for two or three days. I took seven bottles of Lydia E. Pinkham's Vegetable Compound and was entirely cured. There is no medicine to be compared with the Compound for female weakness. Every woman who suffers from any form of female weakness should try it at once." Miss Agnes Tracy, Box 407, Valley City, N. D.

FOREIGN MISSIONS

Discussed at a Meeting of the Missionary Union.

Address by the Rev. A. N. Hitchcock, of Chicago—Afternoon and Evening Sessions.

The Missionary Union of Fort Wayne held its fourth semi annual meeting yesterday afternoon and evening at Plymouth Congregational church, the president, Mrs. L. L. Benson presiding. The attendance was not up to expectations owing, perhaps, to the inclement weather. In the afternoon devotional exercises were led by Mrs. M. J. Collins, and in the evening by Rev. J. S. Ainslie. The general subject for the meetings was "Foreign Missions." "The Bright side—Signs of the Times" was presented by Mrs. L. R. Hartman, and the discouragements of the same was shown by Mrs. W. J. Mitten. Mrs. T. M. Biddle spoke on the promotion of work in foreign countries and advocates a plan of trying to establish a direct communication with the missionary workers and their fields of labor. Mrs. D. B. Wells talked on the subject of "Cultivation of Missionary Spirit in Our Home Churches," and named prayer, gifts and interests as three principal things for the promotion of a missionary spirit. The Rev. Davies followed Mrs. Wells much in the same line of thought.

At the evening session the Rev. A. N. Hitchcock, D. D., of Chicago, delivered an able talk on "The Present Outlook for World Evangelization." The Rev. Hitchcock is secretary of the board of foreign missions of the Congregational churches and was able to present a fund of practical information of value in the advancement of the cause.

A communication was received from Daniel Falls, asking the board to reimburse him in the sum of $74 for a street intersection which he built at the corner of Wayne and Fulton streets.

KNOCK OUT ILLITERATES.

Kentucky to Change Ballot, Which Will Injure the Republican Party.

Frankfort, Ky., Nov. 12.—Flushed by the recent sweeping democratic victory in this state the democratic leaders are already devising plans to keep the state in the democratic column.

It is announced that some important amendments to the election laws will be offered in the coming legislature. One of these will make a change in the ballot, doing away with the party emblem, or device, and requiring the voter to write the name of his candidate. This, it is estimated, would disfranchise from [illegible] illiterate voters in the republican party and would work no great loss to the democrats. The bill, it is said, will be pushed with the indorsement of the democratic organization in the state, and as both houses have an overwhelming democratic majority, the leaders believe that it could be passed even over the governor's veto.

Anthony Hope's New Romance Will appear in McClure's Magazine for December. The story opens in splendidly romantic fashion. Although it is a sequel to "The Prisoner of Zenda," the reader, who may not have read that novel, can understand and enjoy it from the beginning. It narrates the further story of the love and adventures of Rudolf Rassendyl and the Princess Flavia.

The story is named from the villain, who was also the villain of the first Zenda novel, "Rupert Hentzau." This time the story is not told by the hero but by Rassendyl's faithful friend, the brave Fritz von Tarlenheim.

The story is being magnificently illustrated by C. D. Gibson.

BUTTERINE MAKERS.

The Illinois Law Driving Them Over the Border Into Indiana.

Hammond, Ind., Nov. 12.—Messrs. Braun & Fitts, the Chicago butterine manufacturers, yesterday officially notified Mayor Mott that their mammoth plant would be moved to this city as soon as satisfactory arrangements could be made. The firm will give employment to 500 men and women. Mayor Mott said last night that he was in communication with a number of other butterine makers in Illinois, who, by the provisions of a recently enacted law, will be obliged to cease manufacturing in that state, and it is believed they can be induced to come to Hammond.

ANOTHER LEASE.

Murderer Durrant Snatched From the Gallows.

Supreme Court of California Has Granted a Writ of Probable Cause Which Delays the Execution.

Sacramento, Cal., Nov. 12.—Theodore Durrant, the convicted murderer of Blanche Lamont, may have another chance for his life. At any rate, he will not be hanged today, the time set for his execution.

San Quentin, Cal., Nov. 12.—Attorney Eugene Deuprey, counsel for Durrant, has arrived here from Sacramento early this morning, having crossed the bay in a steam launch. The purpose of this trip was to make personal service on Warden Hale of a certified copy of the order of probable cause issued by the supreme court at Sacramento delaying the execution. The precaution of this personal service was that there might be no pretext for executing Durrant today. The warden was asleep and [illegible] all efforts to arouse him. Captain Elgar, assistant warden, accepted service and agreed to deliver the documents to his superior when he awoke. Warden Hale had stated earlier that he was in doubt as to what course to pursue. He said that in any event he would have delayed the execution until the last legal limit of time, noon today, but that he had been advised that he should proceed to hang the prisoner, as he had received no personal service of the stay of execution. However, he finally decided to act on the following dispatch received from Prison Director Devlin, of Sacramento: "Supreme court made an order and has stayed all proceedings until further order of court. Accordingly you will postpone execution." After reading this Warden Hale said he would retire and that there would be no hanging today.

Attorney Deuprey applied for the writ of probable cause upon the grounds that no official knowledge of the action of the supreme court of the United States in the matter of Durrant's appealing from the decision of the federal court had yet been received, that the superior court had acted too hastily in sentencing Durrant to be hanged today, as the law required that he be given at least sixty days' grace, and that the pendency of an appeal in the supreme court affecting the condemned was of itself sufficient cause for a stay of execution. The matter was partly argued in chambers and later argued before the full court and taken under advisement. Shortly afterward the court announced its decision.

Thus another chapter is added to the most remarkable fight for life, based purely and simply on legal technicalities, known to the annals of crime.

SHOP AND RAIL.

The Pennsylvania Reduces Its Limited Train's Fare.

The Wabash Will Not Abandon the Toledo End of its Main Line. A Speed War Imminent.

Beginning today, the extra fare required to ride on the Pennsylvania's limited trains, Nos. 2 and 3, will be reduced one-half. To make the trip to New York upon this magnificent train, the passenger will hereafter only pay $1.75 more than would be required to take him there upon No. 8, or any other first class train, while the extra charge for a ticket to Chicago upon the limited is only forty cents. This reduction will result in an increased travel on the limited trains.

WILL RETAIN THE PROPERTY.

Judge Doyle, of Toledo, one of the counsel for the Compton interests in the litigation over the lien against the Wabash road, says that the railway company will not allow the road to be sold. Continuing he said: "I only wish they would do so, but I feel positive that they will not. It must be taken into consideration that the Compton lien also includes the shops and terminals of the Wabash in Toledo, and it is not reasonable to suppose that the railroad corporation will surrender its big car building plant and the extensive yards adjoining, together with valuable dock privileges, such as it might not be able to obtain again."

WILL SHORTEN THE RUNNING TIME OF TRAINS.

According to a Pittsburg paper, there is to be a speed war between the railways having lines running westward out of the Pittsburg. The trouble seems to have its origin in the Panhandle differential and it is said the Erie will open the contest by putting on a new fast train from Youngstown to Chicago and Cincinnati, which, in connection with the Pittsburg and Lake Erie, will be as fast as the Panhandle trains and faster than the Fort Wayne running to Chicago, which is known as No. 9. The new Erie train will be known as No. 7, and it will leave Youngstown about 8 a. m., and arrive at Cincinnati at 6 p. m., or almost half an hour sooner than Panhandle No. 7, and the Baltimore and Ohio flyers, which are the only Cincinnati trains out of Pittsburg in the morning. The distance from Youngstown to Cincinnati via the Erie is 261 miles, which, added to the Lake Erie mileage, makes the distance via the new line from Pittsburg to Cincinnati 323 miles, as against 312 miles of the Panhandle. The Panhandle can, of course, run away from the Erie if the company decides to do so, but would have to cut their big fourteen car train No. 7 into two sections in order to make faster time. On the Chicago run, if the Erie and Pittsburg and Lake Erie are to be granted the privilege to compete for Chicago business, the Erie and Pittsburg and Lake Erie arrangement would cause some consternation, as it would be a new line only 4½ miles in length, or only one mile longer than the Lake Shore and twenty-six miles longer than the Fort Wayne. The Erie could then apply for a differential on Chicago business out of Pittsburg and run solid trains. The Baltimore and Ohio people have also decided to shorten up the time on Cincinnati business, and are placing their Wheeling and Pittsburg division in first class shape and adding better equipment. The Baltimore and Ohio is 328 4-10 miles, or about sixteen miles longer than the Panhandle, and there is only a slight difference in the running time of the trains.

ENGINEERS OWN A FARM.

P. M. Arthur, chief of the Brotherhood of Locomotive Engineers, acting in his official capacity, has purchased Meadow Lawn farm, near Mattoon, Ill., for the order at public sale in that city yesterday. This is probably the final chapter in an interesting litigation covering a period of fourteen years.

In 1883 a "grand gift concert" was planned for the benefit of the widows and orphans of the brotherhood. It was nothing more nor less than a gigantic raffle, in which tracts of land were the prizes. Meadow Lawn farm, consisting of 255 acres of the best black soil of Illinois, was the capital prize. The drawing was managed by John H. Guilfoil, and the capital prize was purchased by M. C. Nixon, of Mattoon.

Before the sale of tickets was completed the Coles county grand jury indicted Guilfoil and Nixon, but both left for parts unknown. The drawing was pulled off surreptitiously in Terre Haute. At the final moment twenty-five tickets remained unsold, and they were put in the wheel for the benefit of the order. One of these twenty-five tickets drew the capital prize.

Many complications followed, and at length Guilfoil was made trustee for the widows and orphans of the brotherhood. In 1888 the brotherhood wanted to take possession, but he claimed title. This started litigation that was twice carried to the supreme court, and ended with Guilfoil being ousted and the land ordered sold under the hammer.

Chief Arthur paid $11,000 for the farm, and it is understood that a home for dependent widows and orphans of the brotherhood will be erected on the place.

MAKE HOME BEAUTIFUL.

You can do it more successfully and more reasonably at the Foster Furniture Co.'s than anywhere else.

WE DO AS WE ADVERTISE.

Just received new line of Boys' and Children's Winter Caps.

Have You Bought That Winter Suit Yet?

Well, then, look over our $7.50, $10, $12, $15 and $18 lines. They are positively the best clothes ever offered at anything like these figures. Made up in the most fashionable styles, from fabrics, linings and trimmings we selected. They are far ahead of the regular ready-to-wear Suits. There's a tone—a tasty made-to-order tone about them. No man can tell them from the finest custom made garments when we have once fitted you. We guarantee absolute satisfaction in every way. We're never pleased until you are pleased, remember that. By getting one of these Suits you save from $10 to $15 over Custom Tailors' prices, and sacrifice not one iota in fit, finish, materials or general satisfaction. See them.

Winter Overcoats.

Our's is now an Overcoat store, an Overcoat store where high class, high toned Overcoats of the most desirable sort are priced as the poorer unreliable kinds. We are in a position to give more Overcoat satisfaction than ever before. Our $8.50, $10, $12, $15 and $18 garments are just a bit better than anything ever made to sell at such prices. The fabrics are finer, the trimmings neater, and the linings are better than you'll find in other stores for one third more money. Then, besides you'll not get a fit that Sam, Pete & Max fit elsewhere. The collar will not lay up so snug, or the hang will not be right. It always pays to trade here, for we are never pleased until you are pleased. That insures satisfactory purchases.
